THE GRENADIER IN MUNICH DURING THE IAA MOTOR SHOW

24/08/2021

THE GRENADIER IS COMING TO MUNICH (AND IT'S BRINGING A PUB)

WITH IT!)

The idea for the INEOS Grenadier 4x4 was first discussed over a drink in the Grenadier Pub, London. So we're bringing our very own version of this famous pub to Munich during this year's IAA Mobility Show, which runs from September 7-12.

WHAT TO EXPECT FROM IAA MOBILITY 2021

From September 6-8, we're taking over Munich's Filmcasino venue in the heart of the action – and inviting people to join us in our pop up pub for a drink on us. Of course, we're bringing our new 4x4, the INEOS Grenadier, as well, to give people a chance to explore it in greater detail. And we're also bringing our recruitment team, so that we can talk to talent individuals interested in working on our exciting new vehicle.

WANT TO JOIN THE INEOS GRENADIER ENGINEERING TEAM IN GERMANY?

We've flown past many milestones and, despite the global challenge of 2020, we're on track to deliver our plan. As well as getting the Grenadier on the road, we are developing other models and alternative powertrains. That's why we want to strengthen our Engineering team by hiring leaders and other team members in Germany. We have opportunities in the following areas:

- **Overall vehicle engineering**
- **Project management/PMO**
- **BEV & FCEV system engineering**
- **Chassis**
- **Body in white**
- **Powertrain**
- **EE**

- Interior
- Exterior

If you are interested in working with us and would like to meet with us in Munich, please apply with your CV ahead of the event.

Our team will come back to you and schedule an appointment in Munich on September 7, 2021.

Please note that due to Corona restrictions and limited capacity at the Filmcasino, we are not able to schedule interviews with all candidates. Nonetheless, your CV will be considered as an application, and we will connect with you at a later stage.
